### EDUCATION

#### **'EIU' EURASIA INTERNATIONAL UNIVERSITY**

*Programming | Sep 2021 - June 2025*

#### **'YSCI' YEREVAN STATE COLLEGE OF INFORMATICS**

*Technician Programming | Sep 2015 - June 2021*

#### **'TUMO' CENTER FOR CREATIVE TECHNOLOGIES**

*Programming | Sep 2013 - June 2021*

#### **PRIVATE LESSONS WITH ARMEN MARJINYAN**

*Front-End Development Courses | Aug 2022 - 2023*

### EXPERIENCE

#### **PHP/JS DEVELOPER | LANGOID COMPANY**

*[langoid.com](http://langoid.com) | May 2022 - June 2022*

I developed Langoid, an ad-free language learning platform that lets users learn any language without needing to know English first. It fosters direct learning between users, and contributes to preserving lesser-known languages.

**Skills used:** HTML (BEM), JavaScript, Svelte.js, CSS (RSCSS)

#### **FULL-STACK/GAME DEVELOPER | PROFIT DEV COMPANY**

*[profitdeco.com](http://profitdeco.com) | July 2023 - Nov 2024*

I developed an MMORPG game and a web marketplace/wiki for the game incorporating Web3 elements, where all in-game items are NFTs. Players can export items as NFTs through the marketplace/wiki to sell for real money on AtomicHub and purchase items to use in the game.

**Skills used:**

**Web Marketplace/Wiki:** JavaScript, React.js, Node.js, Solid.js, CSS, WAX.js

**Game:** Godot, GDScript, WAX.js

I've also developed other projects using React, Node, Tailwind, MUI, Apex.js, Chart.js, CSS, Jira, TypeScript, and Angular.js.
